Copy to: Head of the Department, All Technical Institute/University

Dear Sir / Madam,

Indian Institute of Chemical Engineers (IIChE) has taken an initiative to provide online summer training (4 weeks) to the UG students of Chemical Engineering and/or allied discipline under this prevailing crisis lock down period due to Covid-19 Pandemic. The academic calendar for the present semester is uncertain and it is very difficult for the students to do on-site summer internship in this critical situation. Therefore, AICTE advised to student for online summer training as an alternative option.

In view of this, IIChE is going to provide online summer training on various topics related to the chemical engineering curriculum including process safety management, petroleum refinery, petrochemicals, energy audit, and chemical process technology, zero discharge liquid management, 6-sigma training, and biochemical process plant.

The online training will be provided by the eminent experts from the different esteemed industry and/or academia. Moreover, the organizational members of the institute ([https://www.iiche.org.in/pdfs/IChEOrg\\_Memb.pdf](https://www.iiche.org.in/pdfs/IChEOrg_Memb.pdf)) would also take part in this training program. Around 55 industry and 42 institute/university are empaneled as an organizational members of IIChE. The eminent experts from its organizational members will be engaged to provide the online summer training. The mode of online training will be compromised with webinar discussion, assignment, problem solving, report writing, and evaluation.
